

Members' Feedback

'MKCA is a huge part of our life. My daughter has been with them for a few years and not only is it a cheer team it's her happy place. We've tried various hobbies and I can honestly say this is the only one that has stuck, She loves it.'

– K FENWICK

'My daughter loves coming to MKCA, she has been with MKCA since she was three years old. It has boosted her self confidence and helped her with relationships with children and adults. The coaches do an amazing job helping her to learn new skills and building her fitness whilst having fun'

– C BALDWIN

'My daughter has been with MKCA for just over 5 years now attending many of the classes they offer. The entire coaching team are welcoming just like a family, they treat each other with care and respect. For my daughter MKCA is like a home away from home, with friends made for life there!'
